

The rubric below may be used to evaluate students' slideshows.

Score	Description
3	Slideshow includes at least 5 slides and relevant graphics with no content errors. Information is well organized. Presentation elaborates on material on the slides.
2	Slideshow contains 3-4 slides and at least one graphic with no content errors. Information is grouped logically. All information on the slides is presented orally.
1	Slideshow contains 1-2 slides with no graphics. Information lacks organization. The student reads the slides and does not elaborate on the information.
0	Student fails to complete the slideshow or creates one with significant content errors. The presentation shows limited understanding of the topic.
